

On Home screen of website, click on the **SmartHub** image

To get started

- 1) Log into your account or set up your account in SmartHub
- 2) See “Quick Links” listings and select “View Usage” link – Click it
- 3) Select Usage Explorer >> Change Usage Type to Demand or KWH and Demand
 - You can change several displays from this screen
 - Each meter will show the usage and demand by hover over the graph lines

View and Manage My Usage

We've improved your usage management tools!

Key Features

- Analyze and understand usage trends to find ways to cut back.
- Create and track a **monthly budget** to avoid unexpected high utility bills.
- Set a point or range in time to **compare differences** in usage.
- And much more.

Check out all the great *My Usage* features! [Start Now »](#)

My Usage

This My Usage section provides several tools for you to analyze your past and current usage, as well as plan and conserve in the future. Compare your use and costs, set markers to monitor changes in your usage over periods of time, and get energy saving tips. Click the tabs below to learn more about these tools.

[Analyze Your Usage](#) [Plan and Save](#)

Usage Explorer

Usage Explorer gives you a detailed look at your past and current usage, all in one place.

View your usage and weather trends by month, or if available by day or hour.

[Use the Usage Explorer tool](#)

Usage Comparison

Usage Comparison lets you compare two bills worth of usage history side by side.

View the differences between this month last year, or other combinations to see how your bill varies each month.

[Use the Usage Comparison tool](#)

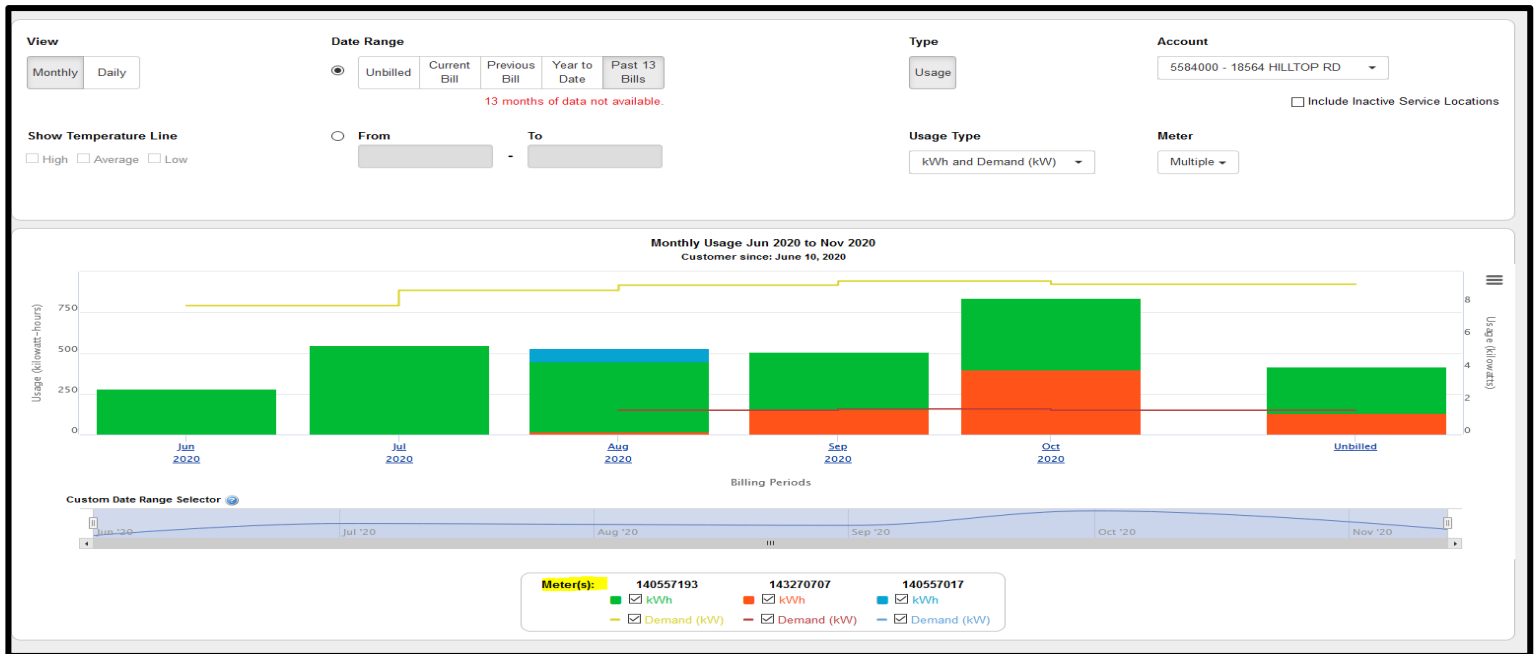

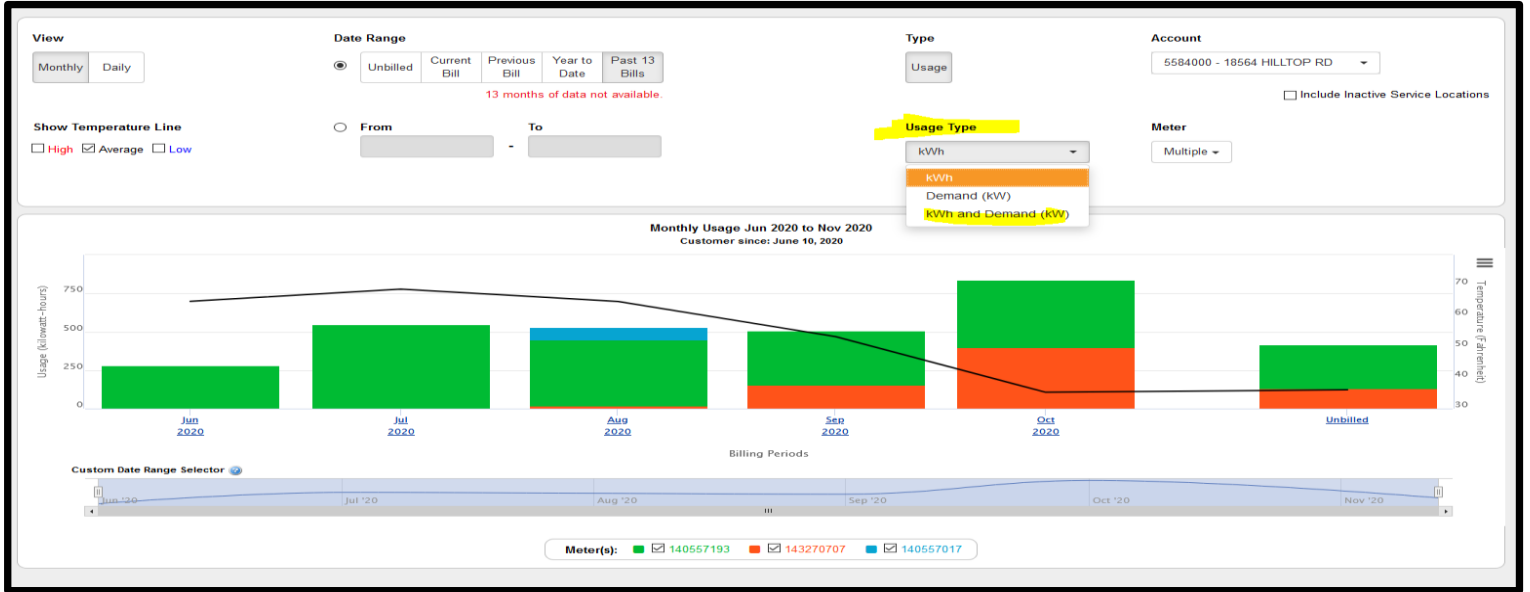

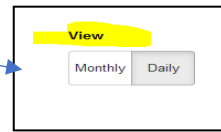

Average Usage

Average Usage shows you what your typical or average usage is for your selected time period.

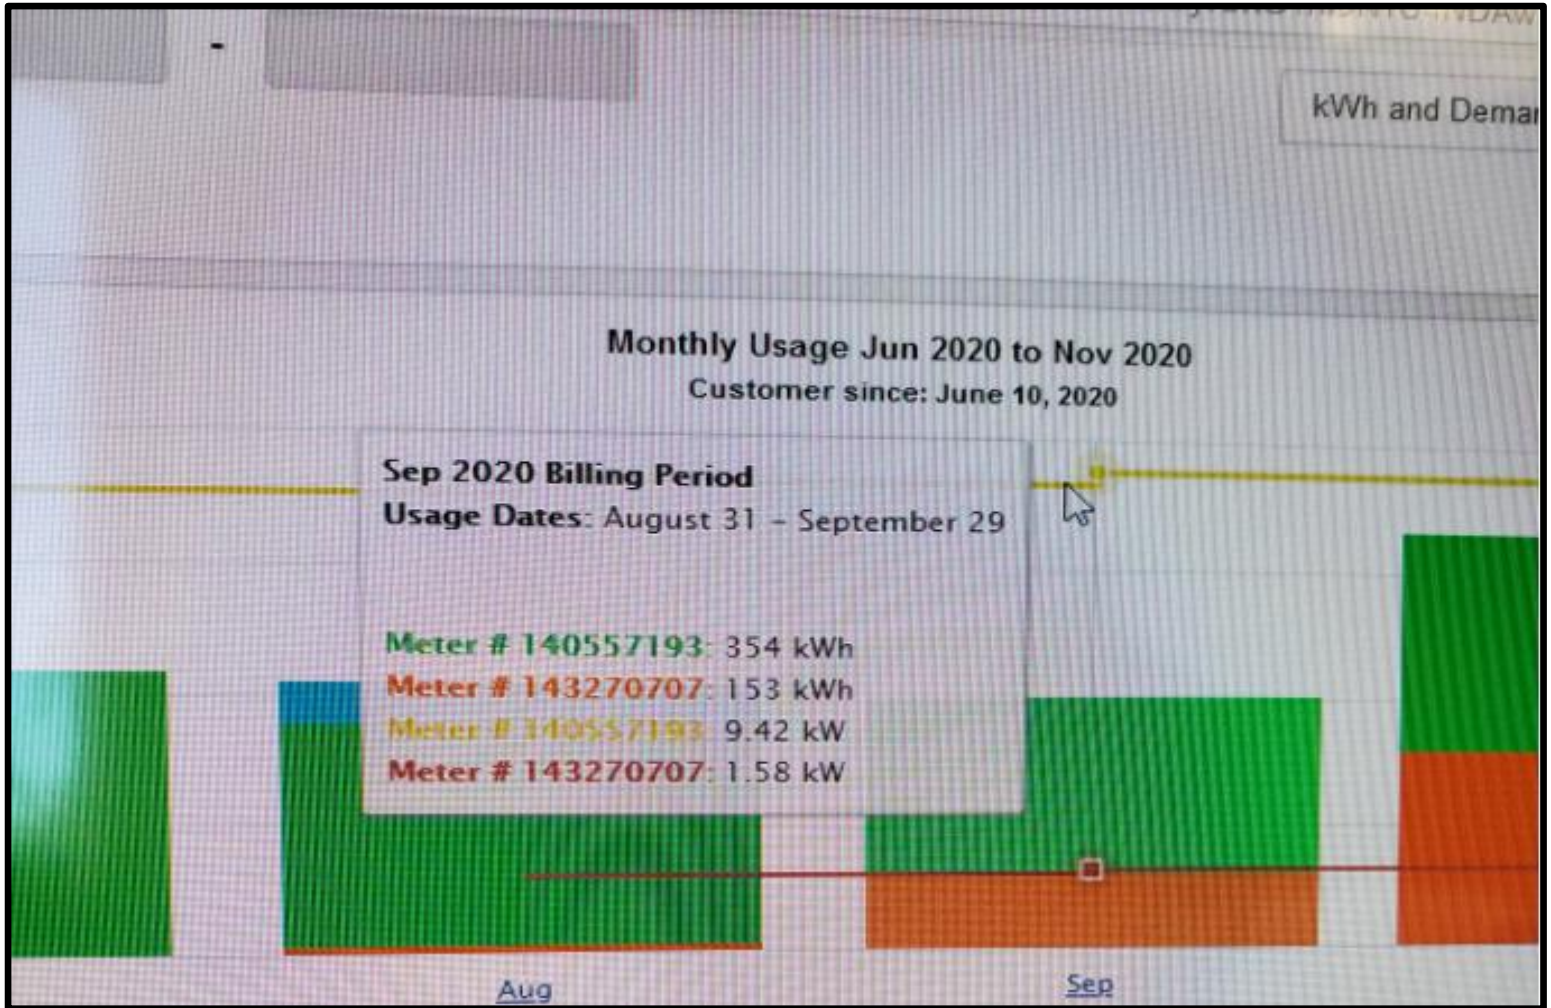

For example, see your average usage on each day of the week (such as Tuesdays), over the course of a year. Or see your typical usage in each hour of the day over the course of 2 weeks. Discover when you can save the most on your utility bill.

[Use the Average Usage tool](#)

Charts are defaulted to MONTHLY but you can change this setting to DAILY

Each meter will show the usage and demand by hovering over the graph lines

Meter(s):	140557193	143270707	140557017
<input checked="" type="checkbox"/> kWh	<input checked="" type="checkbox"/> kWh	<input checked="" type="checkbox"/> kWh	<input checked="" type="checkbox"/> kWh
<input checked="" type="checkbox"/> Demand (kW)	<input checked="" type="checkbox"/> Demand (kW)	<input checked="" type="checkbox"/> Demand (kW)	<input checked="" type="checkbox"/> Demand (kW)

Remember, these input settings can be changed at any time to view the data differently
